How to choose the right size

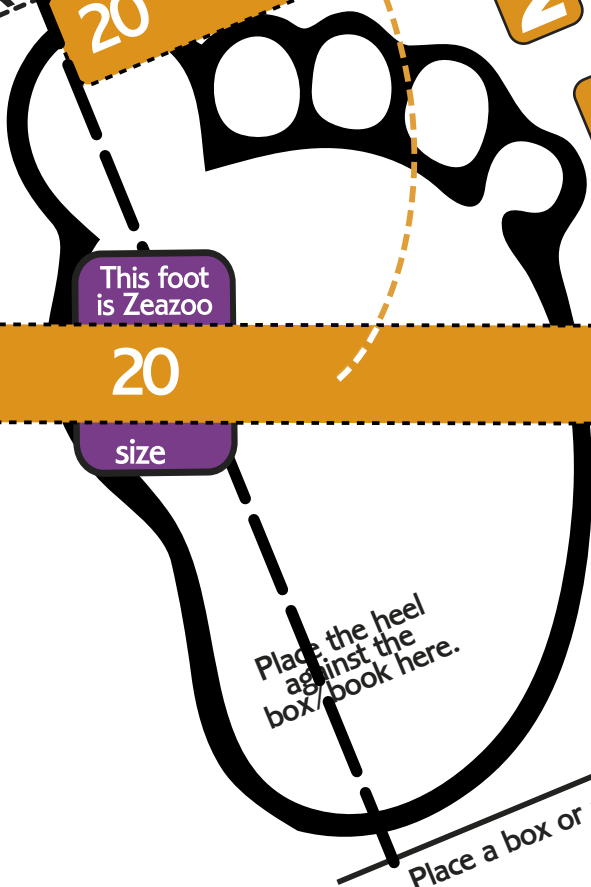

1 Measure this line to check that this page is the right scale.
This line should measure 5cm

Use the chart for the bigger sizes models if the size is out of this scale

size	circumference
30/31	circumference
29	circumference
27/28	circumference
26	circumference
24/25	circumference
23	circumference
21/22	circumference
20	circumference

2 Measure the length of the bare foot by placing the heel and the longest toe along the dotted line in bold. The size is shown in the color where the longest toe ends.

3 Cut the tape along the dotted line to measure the circumference around the widest part of the toes base. The circumference of the foot should be less than the length of the tape.

This foot is Zeazoo
