

Name: _____

Size: _____

How to choose the right size

size

Use the chart for the bigger sizes models if the size is out of this scale

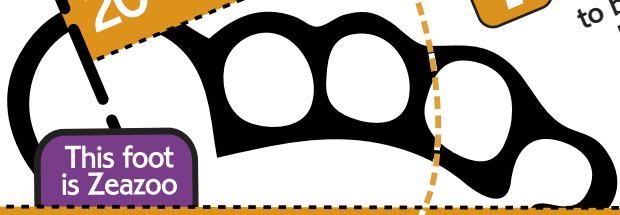

Zeazoo Size Chart.pdf
File Print
Page Scaling - None

100% scale A4!

1 Measure this line to check that this page is the right scale. This line should measure 5cm for chart

2 Measure the length of the bare foot by placing the heel and the longest toe along the dotted line in bold. The size is shown in the color where the longest toe ends.

3 Cut the tape along the dotted line to measure the circumference around the widest part of the toes base. The circumference of the foot should be less than the length of the tape.

This foot is Zeazoo

20

size

circumference

Place the heel against the box/book here.
